

1. **Kids, age 12 and under, draw your idea** of something you'd like to see made from glass. (Use crayons, markers, paint, collage, etc. The design is totally up to you — be creative!)
2. **Fill out this form and turn it in with your design.**
3. The Museum of Glass **Hot Shop Team will choose a winning design**, approximately every month.
4. If we choose your design, we'll call and invite you and your family to come to the Museum and **watch the Hot Shop Team make your design in glass** (one for you to keep and one for us).
5. We may include your design in an exhibition that would begin at the Museum of Glass and travel to other museums around the country.
